## WE BUILD YOUR KICK-ASS TWO-PIZZA TEAM

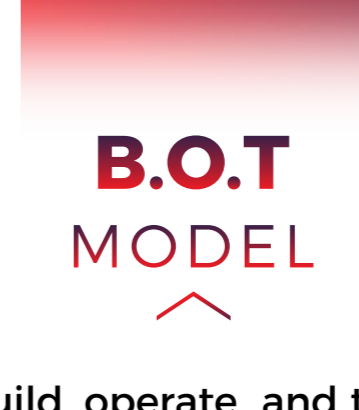

**DEDICATED TEAM**

A team treats your product like their own.

**FIXED PRICE HIGH VALUE**

A team welcomes changes to maximize your investment.

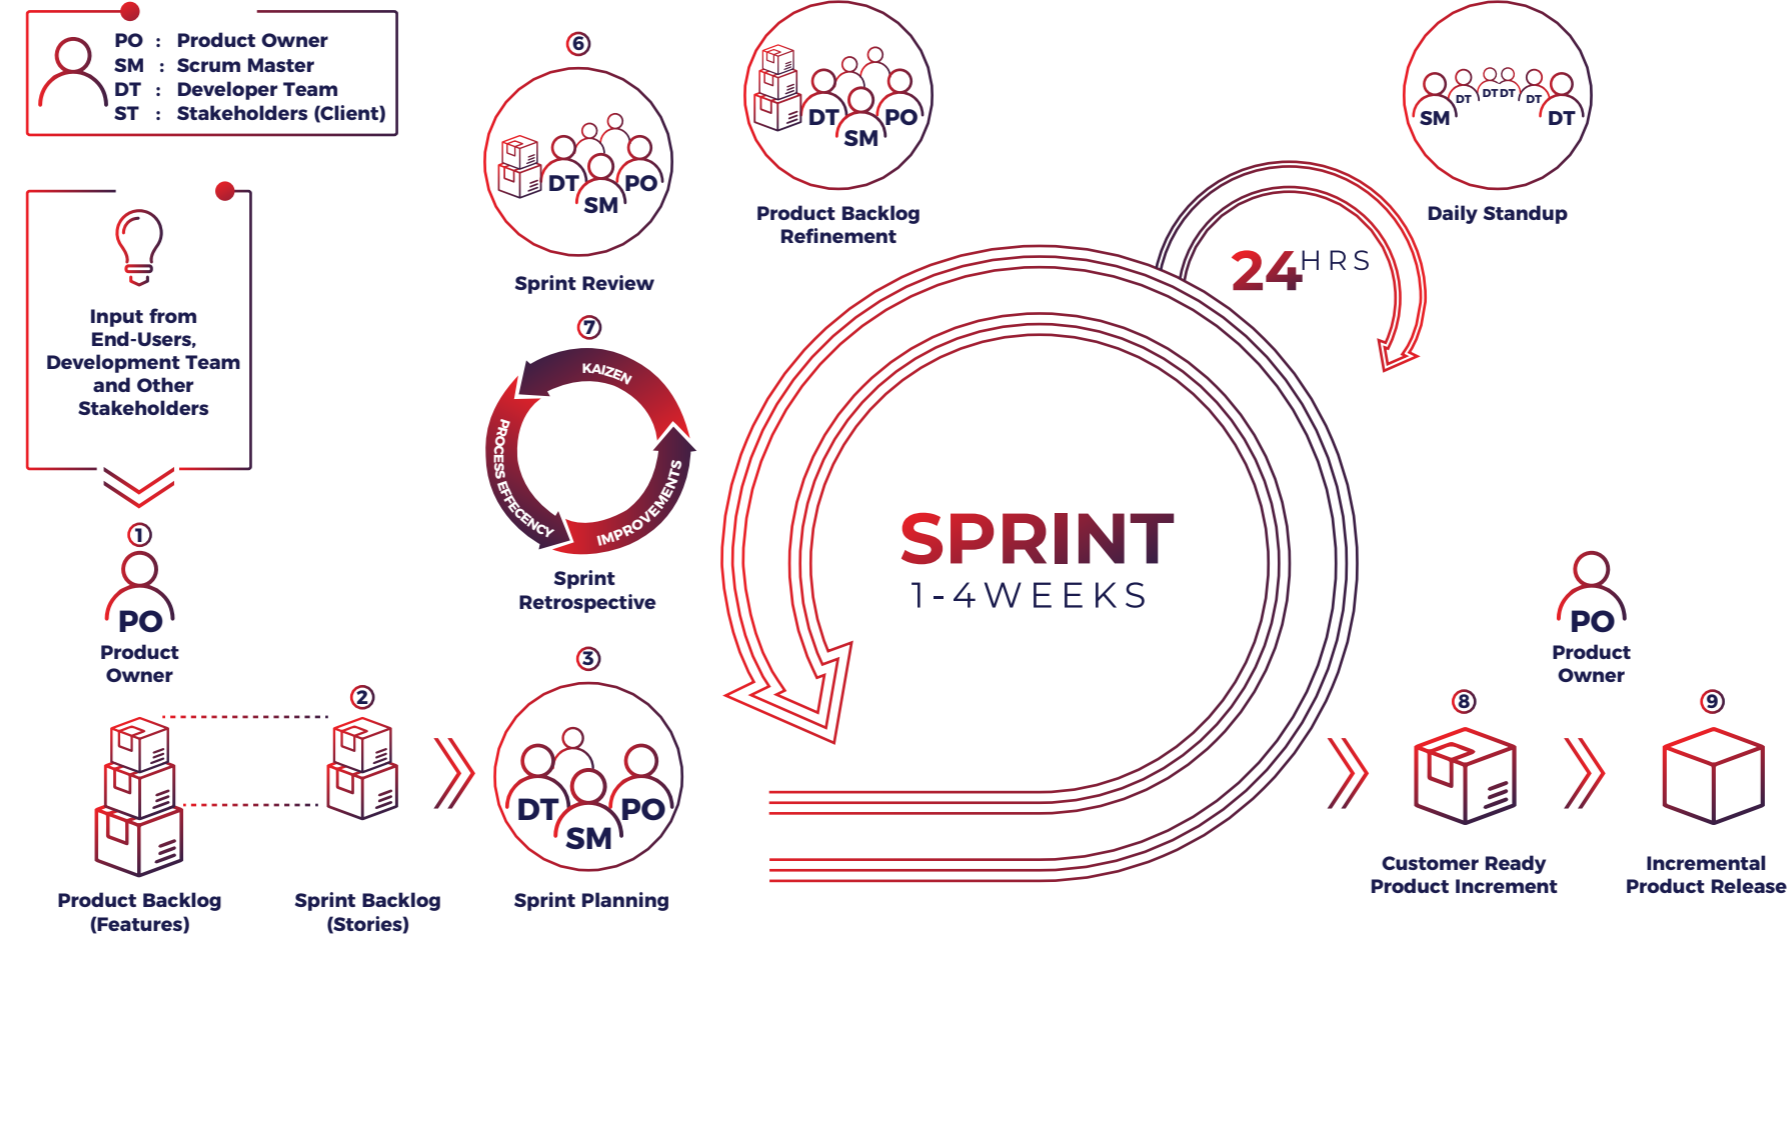

**B.O.T MODEL**

We build, operate and transfer your own Scrum team in Vietnam.

## AGILE SOFTWARE DEVELOPMENT METHODOLOGY

### SCRUM FRAMEWORK

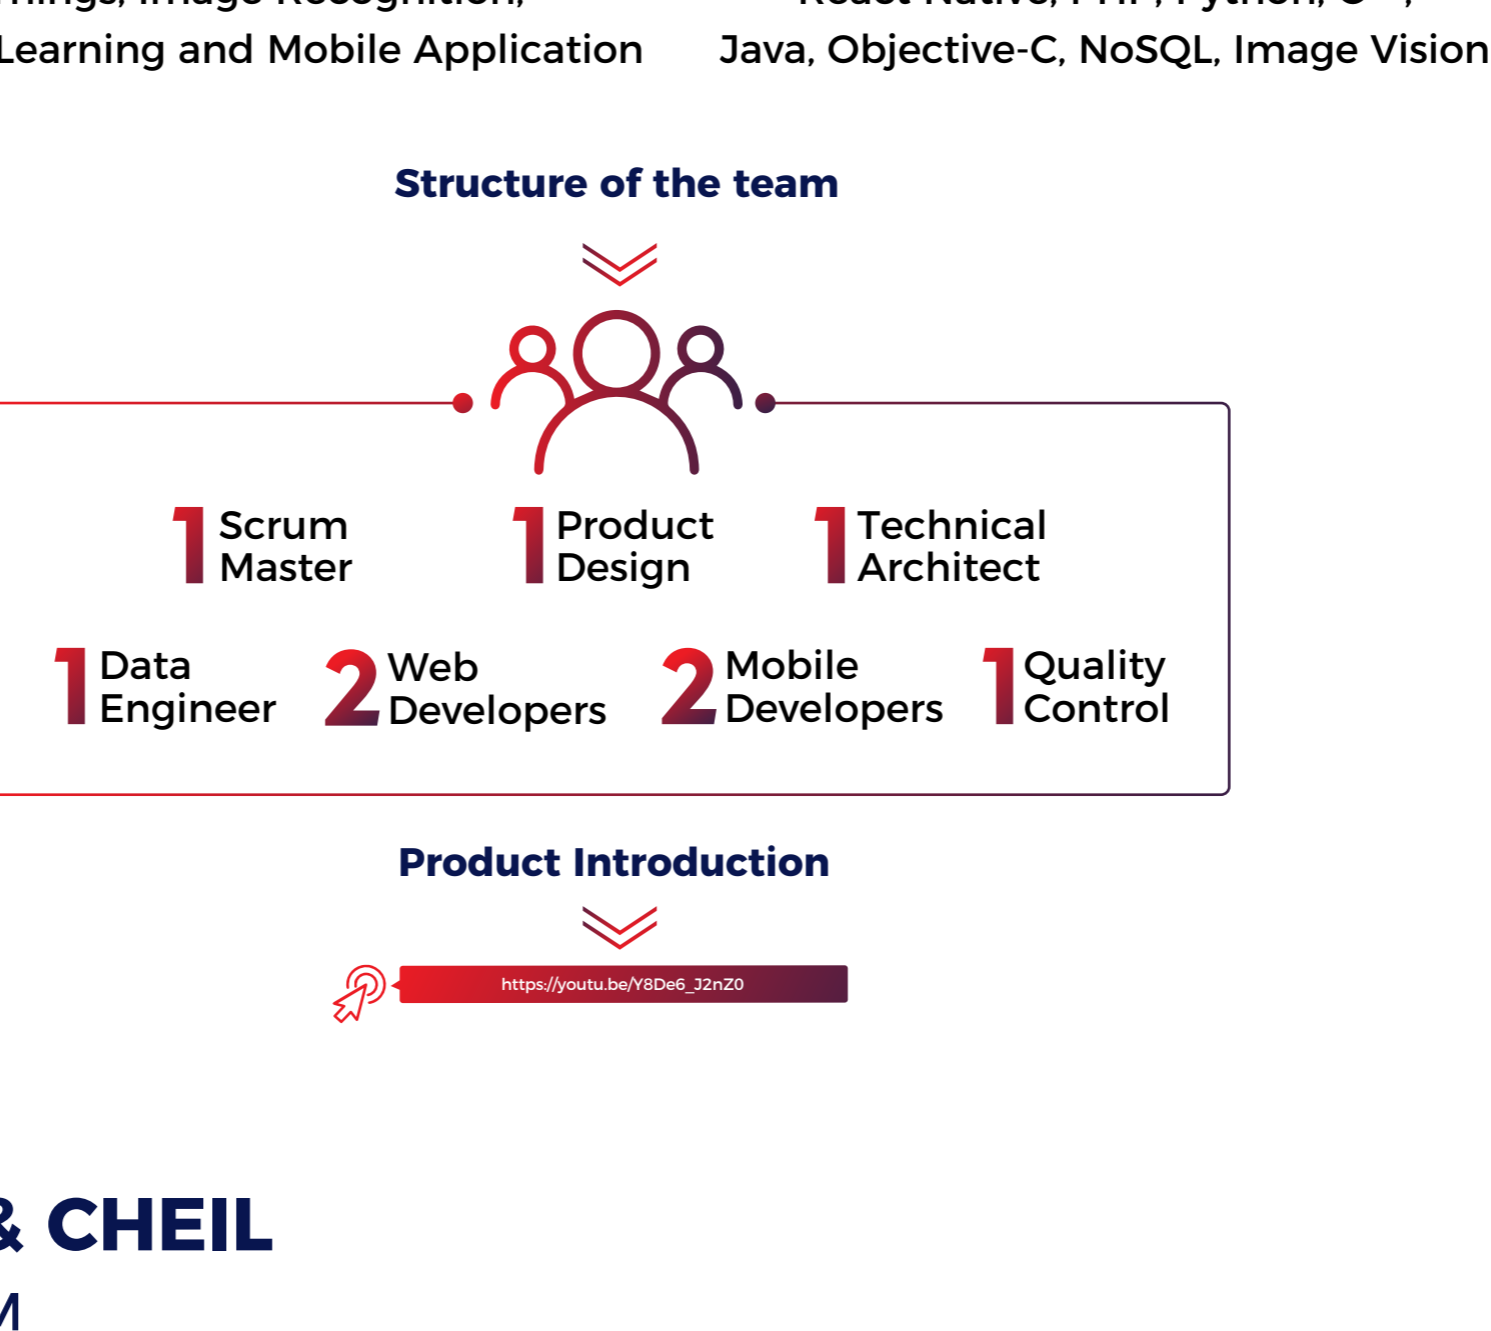

With scrum, the product is built in a series of fixed-length iterations called sprints that give teams a framework for shipping software on a regular timeframe.

## THE SCRUM TEAMS WE ARE PROUD OF

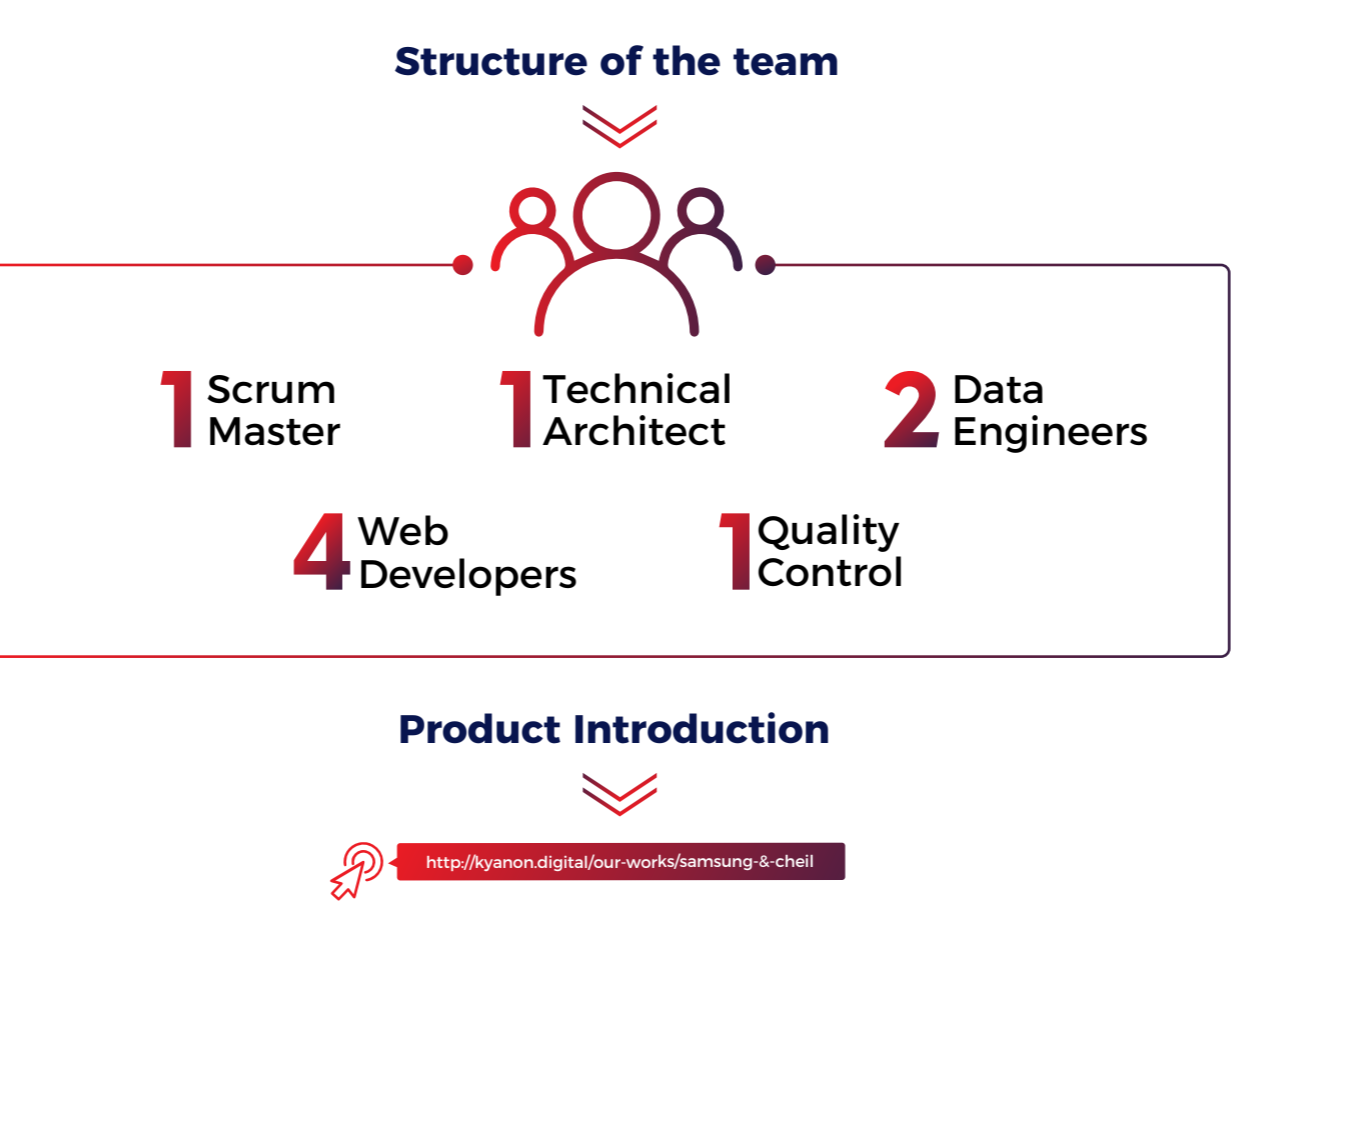

### HIKAMI SCRUM TEAM OF 9 CHAMPIONS

A Swiss startup introduces The World's First-ever Smart Bottle Opener which can instantly identify the Users, Time, Location and Brand of any crown capped bottle while it's being opened.

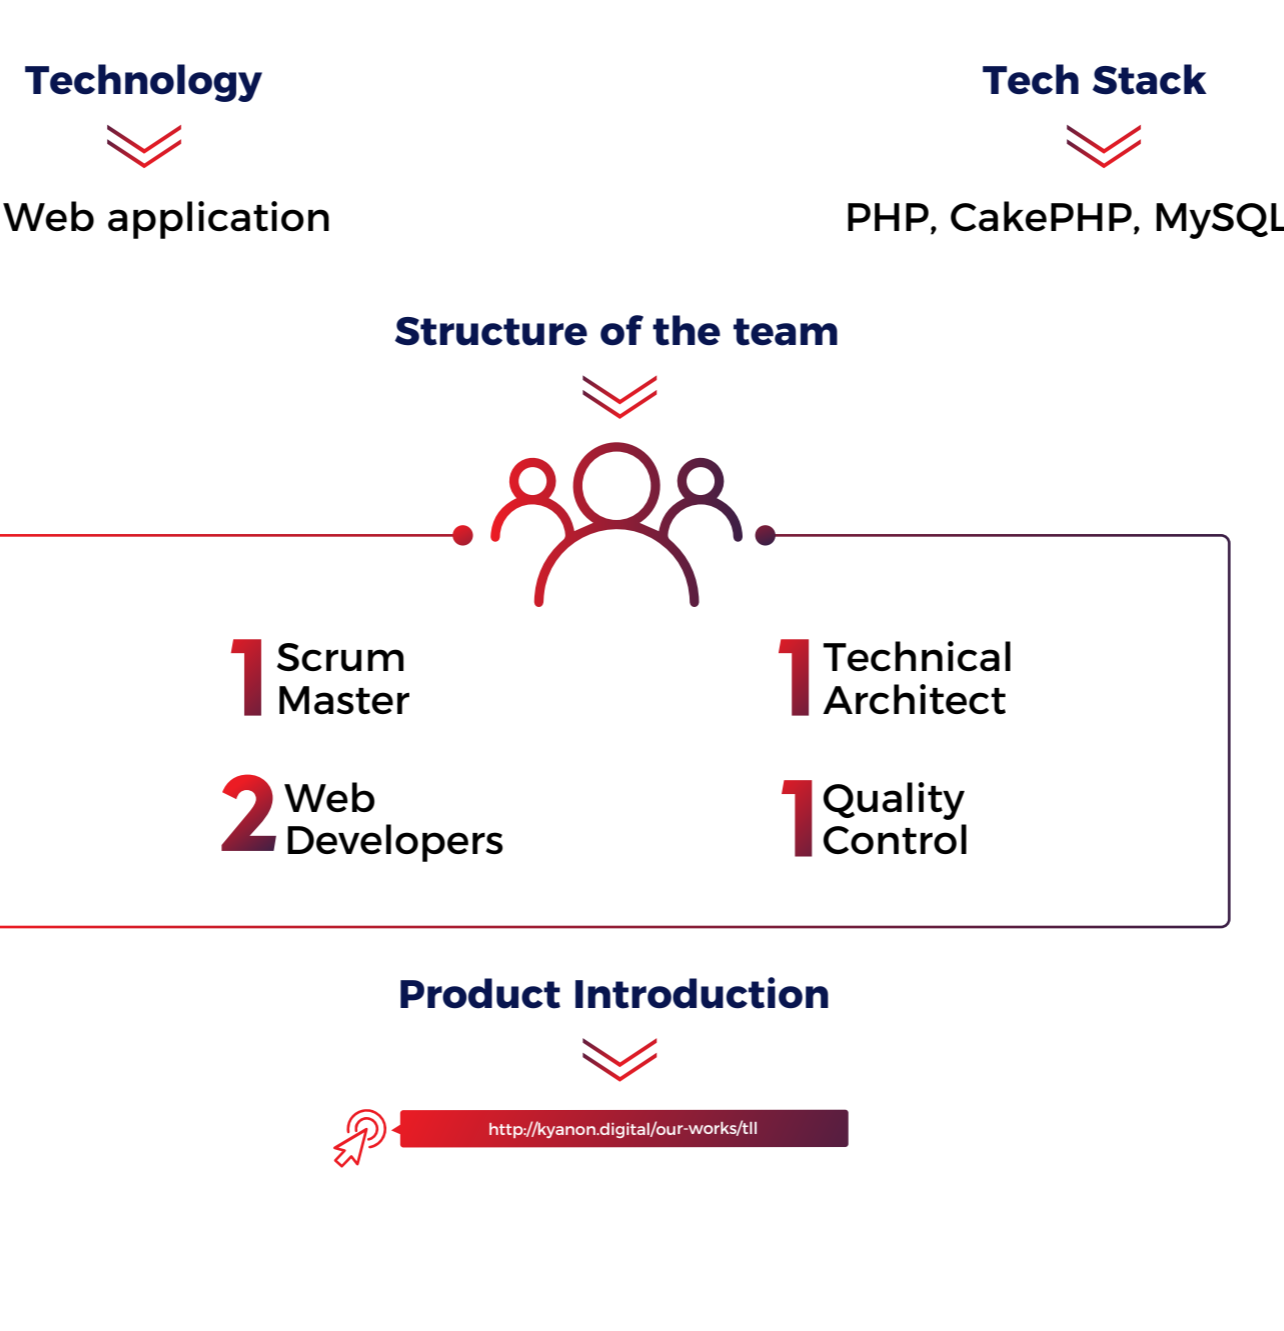

### SAMSUNG & CHEIL SCRUM TEAM OF 9 CHAMPIONS

We handled the Creative Technology which produces Digital Materials for all Samsung Marketing campaigns. Our team also developed three enterprise systems for Samsung to reduce 80% of manual effort.

### TEMASEK LIFE SCIENCES LABORATORY (TLL) SCRUM TEAM OF 5 CHAMPIONS

TLL as a beneficiary of Temasek Trust, they empower innovation which create positive impact for economic growth and societal well being. We have developed and evolved the Intranet system and other applications which manage event organizing, resources booking, request, payroll, fund management, etc.

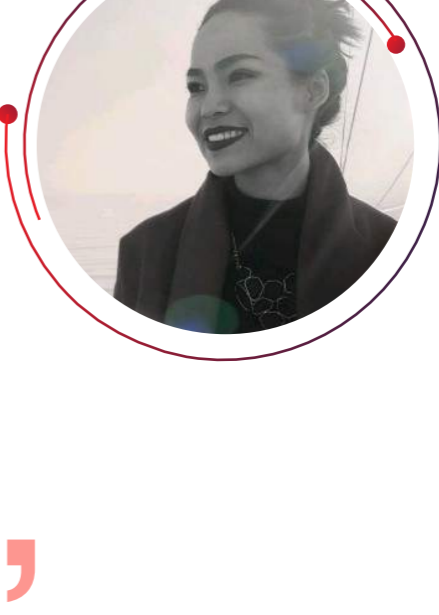

## CLIENTS SATISFACTION

**Karim Choueiri**  
COFOUNDER & CEO  
COKAMI DIGITAL

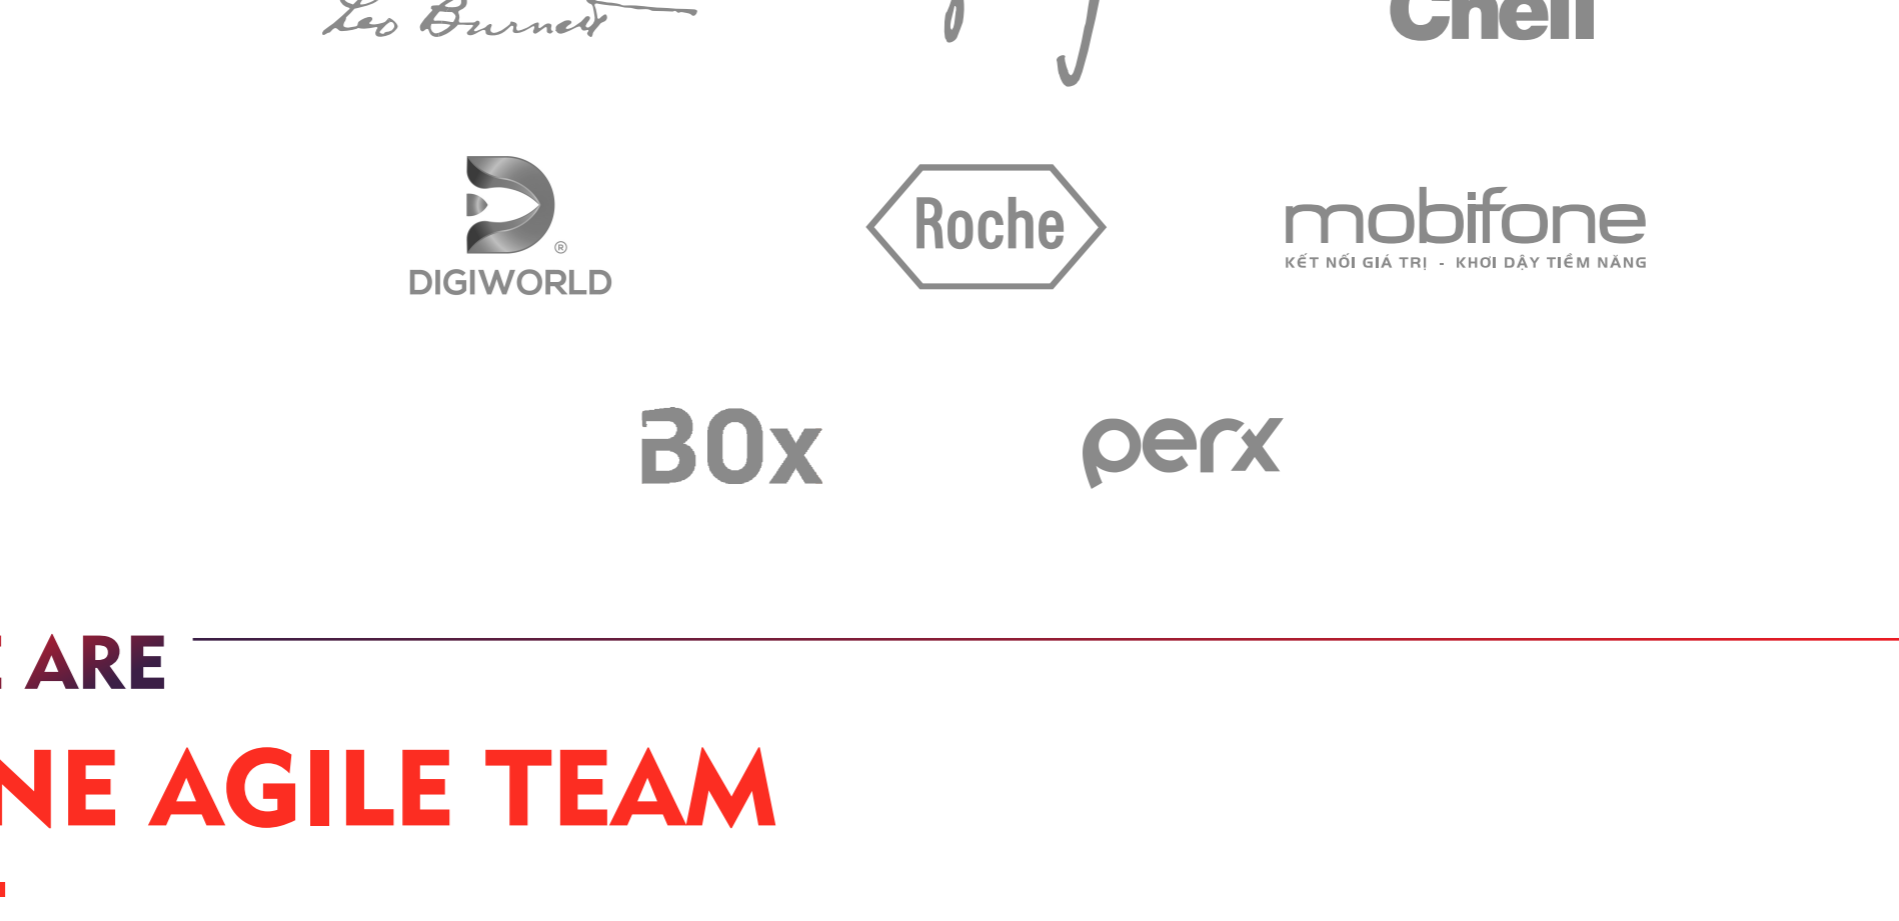

The scrum team represents themselves more than just a normal outsourcing supplier and deliver exceptionally beyond our expectation. It seems really enjoyable for them to constantly come up with new and exciting ideas as well as figure out effective solutions to raise the quality bar to the next level.

**Nguyen Thuc Uyen Vi**  
HEAD OF ONLINE GROUP  
SAMSUNG MOBILE VIETNAM

Kyanon Digital team proactively learn and own complete understanding of our processes, which helps to cut down development time and revising efforts. I also appreciate their impressive service such as provide requested information with minimal turn-around, promptly answer my questions very thoroughly and satisfactorily. Therefore, we're able to roll out products to the market as planned despite the constrained time-frame.

## CLIENTS WE ARE PROUD TO WORK WITH

## WE ARE ONE AGILE TEAM
