

INTRODUCTION OF QTSC MUSEUM

Get on board for innovative journeys

www.qtsc.com.vn

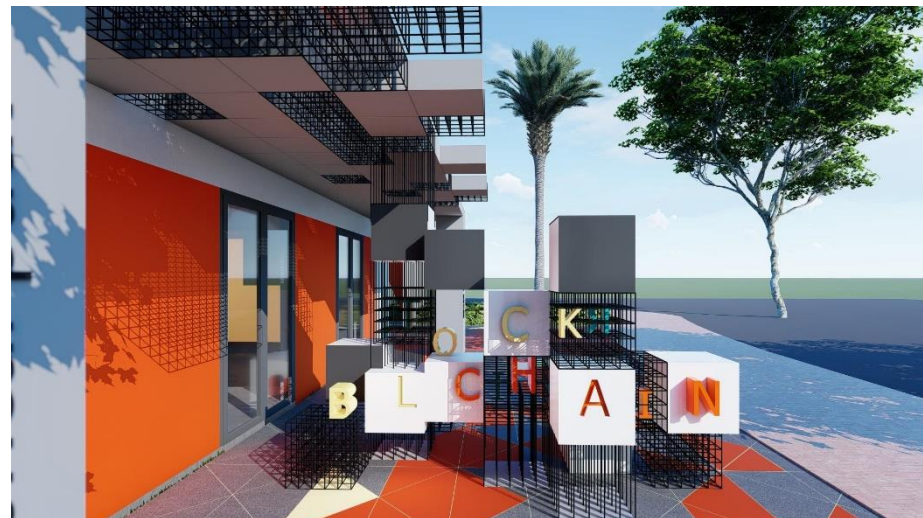

- ❑ Location: QTSC Building 3, Quang Trung Software City, Tan Chanh Hiep Ward, District 12
- ❑ QTSC Building 3 is dedicated to mark and honor the formation and development of Quang Trung Software city during the past 20 years.
- ❑ This museum operates as a place of presenting historical items, photos, documents and housing the memory of QTSC's progress. It has simultaneously developed to attract young people visit museum for learning about history and contemporary technology.

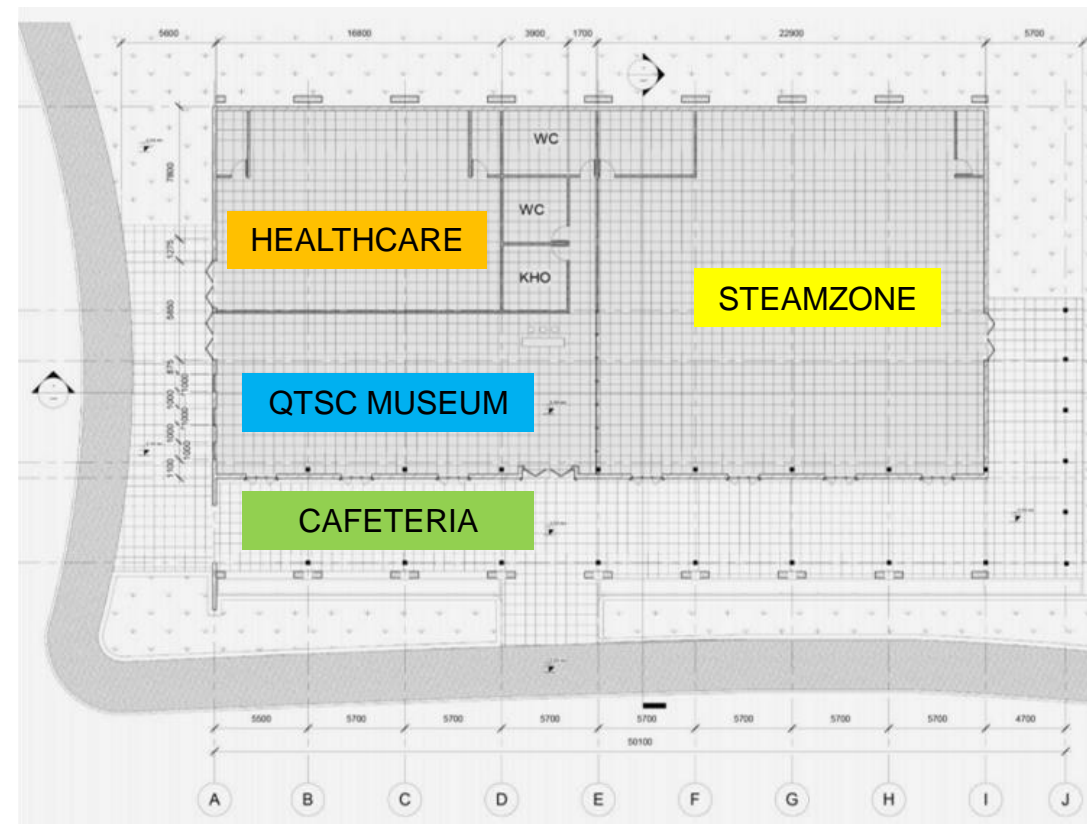

❑ The mission of QTSC museum:

- ✓ Preserving tangible and intangible heritage relevant to the formation and development of QTSC.
- ✓ Marking QTSC events in different periods since the founding days to present and expressing future orientations.
- ✓ Giving thanks for predecessors, a founding board, leaders of QTSC and management board of enterprises cooperating with QTSC during the time.
- ✓ Displaying and exhibiting souvenir items, photos of QTSC and member companies.
- ✓ Showcasing technology solutions of QTSC and enterprises, introducing new technologies
- ✓ Serving as a platform with a modern atmosphere to stimulate the excitement of young people to visit the museum and learn about history, technology.

- ❑ Target groups (estimating about 5.000 visitors per year)
 - ✓ International visitors: representatives of foreign companies; delegations of consulates, international associations and foreign universities,...
 - ✓ Delegations of government agencies, local enterprises and universities.
 - ✓ Individuals working at all companies located at QTSC.
 - ✓ Other people interested in QTSC Museum.

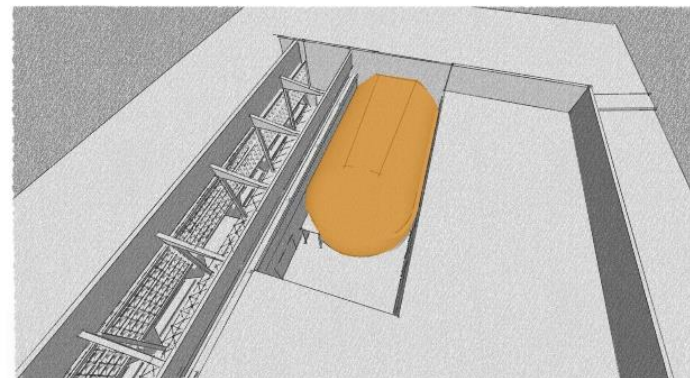

- ❑ Total area: 220m² , located in the entertainment complex at QTSC Building 3, including QTSC Museum, STEAM training center, Healthcare Clinic, Cafeteria
- ❑ Construction time: Third Quarter – Fourth quarter of 2020
- ❑ Launching time: First quarter of 2021
- ❑ Total expenditure: 5 billion VND (construction; furniture set-up, technologies and solutions; security telecommunication system, the cost of maintaining and operating,...)

❑ Design Ideas

- ✓ Creativity, modern technologies are developed continuously in the field of Information Technology in particular and of QTSC in general. That contributes to the advances of a modern and dynamic society.
- ✓ Therefore, the architect takes the inspiration from the cocoon or egg-based image linking to the hope of a new generation with a brighter and more developed life. The architectural shape in the project presents the image of QTSC's employees with freshness and vitality, and also bring values into society.
